

## PACER DUAL 30

Mixing Arms		Timer	Motor	Drive	Optional Accessories
Double		30 Min.	1/3 HP	115V/230V, 60/50 Hz, 1,725/1,425 RPM Cord Electric	
Dimensions					
Width 31.5"	Depth 17"	Height 17"	Weight 130 Lb.	Notes: Up to 30 minutes continuous use	

The Pacer Dual 30 double arm mixer allows you to mix two containers at a time for up to thirty minutes. The multisize clamping action provides a secure holding system for containers of many shapes and sizes and the manual timer provides infinite settings up to thirty minutes.

The high speed, bi-axial motion creates a shear that ensures a complete mix. Colors and accents are quickly and evenly distributed throughout the container. The Pacer's heavy duty design allows for the mixing of industrial weight coatings, adhesives, inks and more. The unit plugs into any standard wall outlet and can be easily moved between areas and mounted on either a floor stand or counter stand depending upon your preference.

The Pacer is available in a full range of drives and timers and the Safety Enclosure options available provide for maximum operator safety. A full one year parts and labor warranty comes standard.
